The Alliance Française de Pécs is a Hungarian organization which was created in 1991. For 20 years, our organization has been involved in numerous local and regional cultural events and projects, relating to language diversity and especially to French. The Alliance Française de Pécs is part of the international network of the Alliances Françaises ([www.fondation-alliancefr.org/](http://www.fondation-alliancefr.org/)).

### **Mission description:**

The volunteer will take part in different types of activities:

- Creating communication supports (posters, flyers...)
- Participating in the organization of cultural events, such as: the international festival of theatre, the month of "Francophonie"...
- Welcoming members and students
- Organizing activities at the Alliance Française for its members (quizz, board games, Children's Afternoons, children's summer camp, French conversation workshops, cine club...)
- Maintaining and improving the self-learning space
- Organizing workshops (schools, high-school, university)

The volunteer will be encouraged in submitting his/her ideas to our Committee with the help of the Alliance Française administration. Due to its relatively small structure, the volunteer will learn the functioning and methods while spending time within the organization. Several project could be undertook, depending on the motivation of the volunteer and his/her preferences

The Alliance Française is looking for motivated young persons willing to discover another country, its lifestyle and habits, its people and way of thinking. Being in the European Union, the volunteer is expected to show tolerance and curiosity towards differences. We have favored in our selection process persons who showed desire to learn from others and who accept to be surprised. Being dynamic has been a core expectation as it is the main ingredient to work in a cultural association such as ours. Creativity will help the volunteer in integrating the team, and an extra criterion is sense of humour!
